Nura Labs Marketing Campaign

Goal: To Increase App Downloads & Sign-Ups

User Persona

Name: John Doe

Age: 22-35

Occupation: Tech-savvy professional, student, or gig worker

Tech Comfort: High; uses multiple apps daily

Motivation: Wants to explore DeFi, earn passive income, and simplify crypto management

Pain Points: Overwhelmed by complex DeFi tools, seeks security and ease of use, values community-driven platforms

Target Audience

Demographics

- 18-40 years old
- Urban, global
- Students, young pros
- Crypto beginners

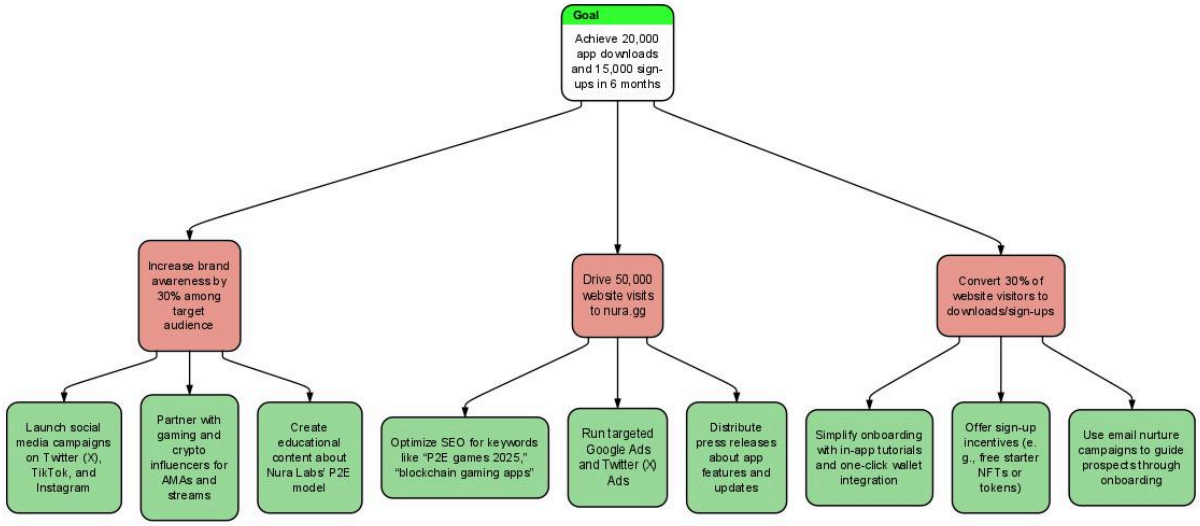
Psychographics

- Early adopters of technology
- Interested in financial independence
- Value simplicity, automation, and innovation
- Curious, risk-tolerant, community-driven

Niche Audience:

- Crypto-native gamers aged 18–30 who are active in P2E ecosystems, own NFTs, and are active in Discord communities for blockchain games.
- This group is highly engaged in Web3 trends, values decentralized platforms, and seeks games with low entry barriers and high reward potential.
- They are frustrated with the method of farming yields manually.

GOAL TREE



Awareness Levels and Strategies

Unaware:

Prospects unfamiliar with P2E gaming.

Strategy: Use viral content (e.g., TikTok challenges, meme-based Twitter posts) and influencer partnerships to introduce Nura Labs.

Messaging: "Crypto can be easy and rewarding. Discover Nura Labs: Play, Earn, Connect in the Ultimate Web3 Gaming Universe!" (AIDA model: Attention, Interest, Desire, Action)

Formats: Short-form videos, infographics, memes, and carousel posts explaining P2E benefits. (All formats use curiosity hooks)

Problem Aware:

Prospects who know about P2E gaming, but don't earn from it. They know about crypto, but haven't tried yet (they're skeptical because of its perceived complexity)

Strategy: Validate their challenges, and present Nura Labs as the best solution.

Messaging: "Tired of confusing crypto wallets? Nura Labs is here to rescue." "Playing games with little to no incentives? Download the Nura App"

Formats: Explainer videos, memes, carousel posts

Solution Aware:

Prospects who know about P2E but haven’t tried Nura Labs.

Strategy: Highlight unique features (e.g., social-fi integration, seamless onboarding) via retargeted ads and content marketing.

Messaging: “Join 10,000+ Gamers Earning Rewards with Nura Labs’ Play-to-Earn App!”, "Nura Wallet: AI-powered, secure, and easy to use.

Formats: Feature demos, testimonials, and blog posts/threads.

Product Aware:

Prospects who know about Nura Labs but haven’t tried it. They visit the website, but are yet to download the app (due to various reasons)

Strategy: Retarget with personalized emails and in-app incentives.

Messaging: “Start Earning Today: Get Unbeatable earning experience with Nura Labs!”

Formats: Email drip campaigns, pop-up banners on websites. How-to videos, blog posts, and Discord AMAs.

Most Aware:

Prospects have downloaded the app, but yet to sign up.

Strategy: Retarget with personalized emails and in-app incentives.

Messaging: Cause FOMO using attention grabbing headlines and testimonials/reviews.

Formats: Direct CTAs, limited-time offers, Email drip campaigns, pop-up banners on websites.

Types of Marketing

- Social Media Marketing: Twitter (X), TikTok, Instagram, and Discord for community engagement and viral campaigns.
- Content Marketing: Blog posts, YouTube tutorials, and infographics explaining P2E and Nura Labs' features.
- Influencer Marketing: Partner with mid-tier gaming and crypto influencers and KOLs (10K–100K followers) for authenticity.
- Email Marketing: Nurture leads with automated drip campaigns.
- SEO and PPC: Optimize nura.gg for organic traffic and run targeted ads.

Messaging Strategies

Formats: Short-form video, infographics, interactive guides, social proof

Formula: AIDA (Attention, Interest, Desire, Action).

- **Attention:** Bold visuals and headlines (e.g., "Earn Crypto While Gaming!").
- **Interest:** Highlight rewards, community, and ease of use.
- **Desire:** Showcase testimonials and limited-time offers.
- **Action:** Clear CTAs like "Download Now" or "Join the Beta."

Tone: Exciting, inclusive, and transparent, emphasizing empowerment and community.

Channels: Twitter (X) for real-time updates, TikTok for viral trends, Discord for community engagement, and email for personalized nudging.

Campaign Examples

Budgeted Campaign: "Play-to-Earn Launch Blitz" ($10,000 Budget)

Objective: Drive 10,000 downloads and 7,500 sign-ups in 2 months.

Tactics:

- $5,000 on Twitter (X) and TikTok ads targeting crypto and gaming audiences (18–30, male/female, interested in NFTs/P2E).

- $3,000 for partnerships with 5 mid-tier influencers (e.g., Discord AMAs, Twitch streams).
- $2,000 for email marketing tools (e.g., Sender) and drip campaigns with sign-up incentives.

Messaging: “Join the P2E Revolution with Nura Labs! Download Now and Start Earning Big!”

Formats: 30-second TikTok videos, Twitter (X) threads, and email sequences.

Metrics: Track ad impressions, click-through rates, downloads, and sign-up conversions.

Expected CAC: $1–$2 per sign-up. (CAC is Client Acquisition Cost)

Zero-Dollar Campaign: “Nura Community Challenge”

Objective: Drive 2,000 downloads and 1,500 sign-ups through organic reach.

Tactics:

- Launch a Twitter (X) and Discord challenge where users share their excitement about Nura Labs with #NuraPlayToEarn for a chance to get rewarded.
- Host free Discord AMAs with Nura Labs developers to educate and engage.
- Create shareable infographics and memes about P2E benefits, encouraging viral sharing.

Messaging: “Why Just Play? Earn with Nura Labs! Share #NuraPlayToEarn to Win Exclusive Prizes!”

Formats: Twitter (X) threads, Discord events, and user-generated content.

Metrics: Monitor hashtag engagement, Discord sign-ups, and referral-driven downloads.
